SUPERINTENDENT'S REPORT

Rev. William J. Maybee Reviews Work for the Past Twelve Months.

The third meeting of the Children's Home Society of Virginia, held last night in the Y. M. C. A. Library, bore abundant testimony to the excellent work this institution is doing among the orphans and the children in this State.

The chief events of last night's meeting were the reports of the superintendent, Rev. William J. Maybee, and of the treasurer, Mr. Robert M. Kent, Jr., and the election of a board of directors for the next twelve months. The directors chosen were: Joseph Bryan, B. R. Wellford, E. Raab, Rev. William Meade Clark, D. D., Charles Straus, W. H. Clemmitt, M. D. Hoge, Jr., M. D., Rev. W. R. L. Smith, D. D., John L. Williams, Charles T. O'Ferrall, Rev. Edward N. Calhoun, D. D., John P. Branch, George B. Davis, C. W. Tanner, John Garland Pollard, Jr., Rev. Robert A. Gibson, D. D., Rev. J. G. Garaberry, D. D., bishop of M. E. Church, South, C. P. Walford, Robert M. Kent, Jr., George A. Schmelz, Rev. John M. Plicher, D. D., O. S. Martin, Rev. J. Evers Witherspoon, D. D., William C. Jerey, T. F. Fishburne and Judge R. T. W. Duke.

The board will meet next Tuesday and elect officers.

REMARKABLE REPORT.

Superintendent Maybee said in his report, remarkable for the amount of excellent work, which related:

This is now the third annual report of work carried out under the charter of the Children's Home Society of Virginia. In reviewing the year's work we have every reason for encouragement. One hundred children have been placed in the society. Seventy-five have been received for the first time. Thirty-nine have been received for the second time. (which was done) and six were on hand at the beginning of the year.

During the last three years the society has received as its legal wards 256 children. All of these, with the exception of five now on hand, have been placed in approved families, not in any sense (so far as the management of the society is aware) as servants or domestics, but as full members of the families, enjoying the privileges of sons and daughters, where they are being educated and trained to useful lives, with a patience and kindness most admirable.

Of all the 256 children forty-two have been legally adopted and made heirs at law. In a number more cases the adoption has not yet been completed and others are placed under special contract in families.

BUT TEMPORARY RELIEF.
If the society had gathered up all these 256 dependent children and kept them on hand in some large building to feed and clothe and train from year to year, it would have furnished to these some temporary relief, but no permanent provision. And to-day the society would be financially ruined.

And to-day the society would be financially ruined. And to-day the society would be financially ruined. And to-day the society would be financially ruined.

And to-day the society would be financially ruined. And to-day the society would be financially ruined. And to-day the society would be financially ruined.

And to-day the society would be financially ruined. And to-day the society would be financially ruined. And to-day the society would be financially ruined.

And to-day the society would be financially ruined. And to-day the society would be financially ruined. And to-day the society would be financially ruined.

And to-day the society would be financially ruined. And to-day the society would be financially ruined. And to-day the society would be financially ruined.
